

KIDS CODING SCHOOL

INTRODUCTION TO SEQUENCING & GAME DESIGN - SCRATCHJR

START DATE: SEPTEMBER • 15 • 2021
IN-PERSON PROGRAM • AGES 5-8

WHAT IS SCRATCHJR?

ScratchJr is an introductory programming language that enables young children (ages 5-7) to create their own interactive stories and games. Children snap together graphical programming blocks to make characters move, jump, dance, and sing.

Children can modify characters in the paint editor, add their own voices and sounds, even insert photos of themselves -- then use the programming blocks to make their characters come to life.
